- * 1 on 1 Instruction
- * Summer & Fall Camps
- * Coached Seminars
- * Team Consulting

"I have known Jamie for over 15 years and worked side by side with him at camp for 7 years. His knowledge, work ethic, professionalism, and teaching of the latest goaltending techniques make him one of the best goalie coaches in

Atlantic Canada"

*Rollie Melanson, 3 time Stanley Cup Champion
Vancouver Canucks Goalie Coach*

OUR MISSION

Blanchard Goaltending is dedicated to providing instruction, strong work ethic, and a confident goalie on and off the ice.

CAMP ROUTINE & FOCUS

Focus- At Blanchard Goaltending Clinics and Camps we strive for excellence in puck focus and work ethic. Special attention is given to skating techniques that support and enhance great positional play of all goalies.

Power – to develop power movements that simulate game situations, and develop strong lateral skating movements and power movements, butterfly push, leg recovery and power skating are fundamentals of the program.

Control - Our camps and clinics focus on teaching goalies to control their game. We encourage all goalies to play within a system and show them how to stay in control at all times to develop great save selection and positional control in their crease.

OFF - ICE

Off-Ice – special attention to explosive lateral movement, plyometrics, quick feet, core strength, agility, balance and coverage in classroom on strong net coverage, butterfly push, leg recovery and power movements.

"Jamie has the ability, experience, and knowledge that challenged me at a early age to develop a high skill level. I credit a lot of my success over the years to Blanchard goaltending."

Brandon Verge, St.John's Fog Devils QMJHL
